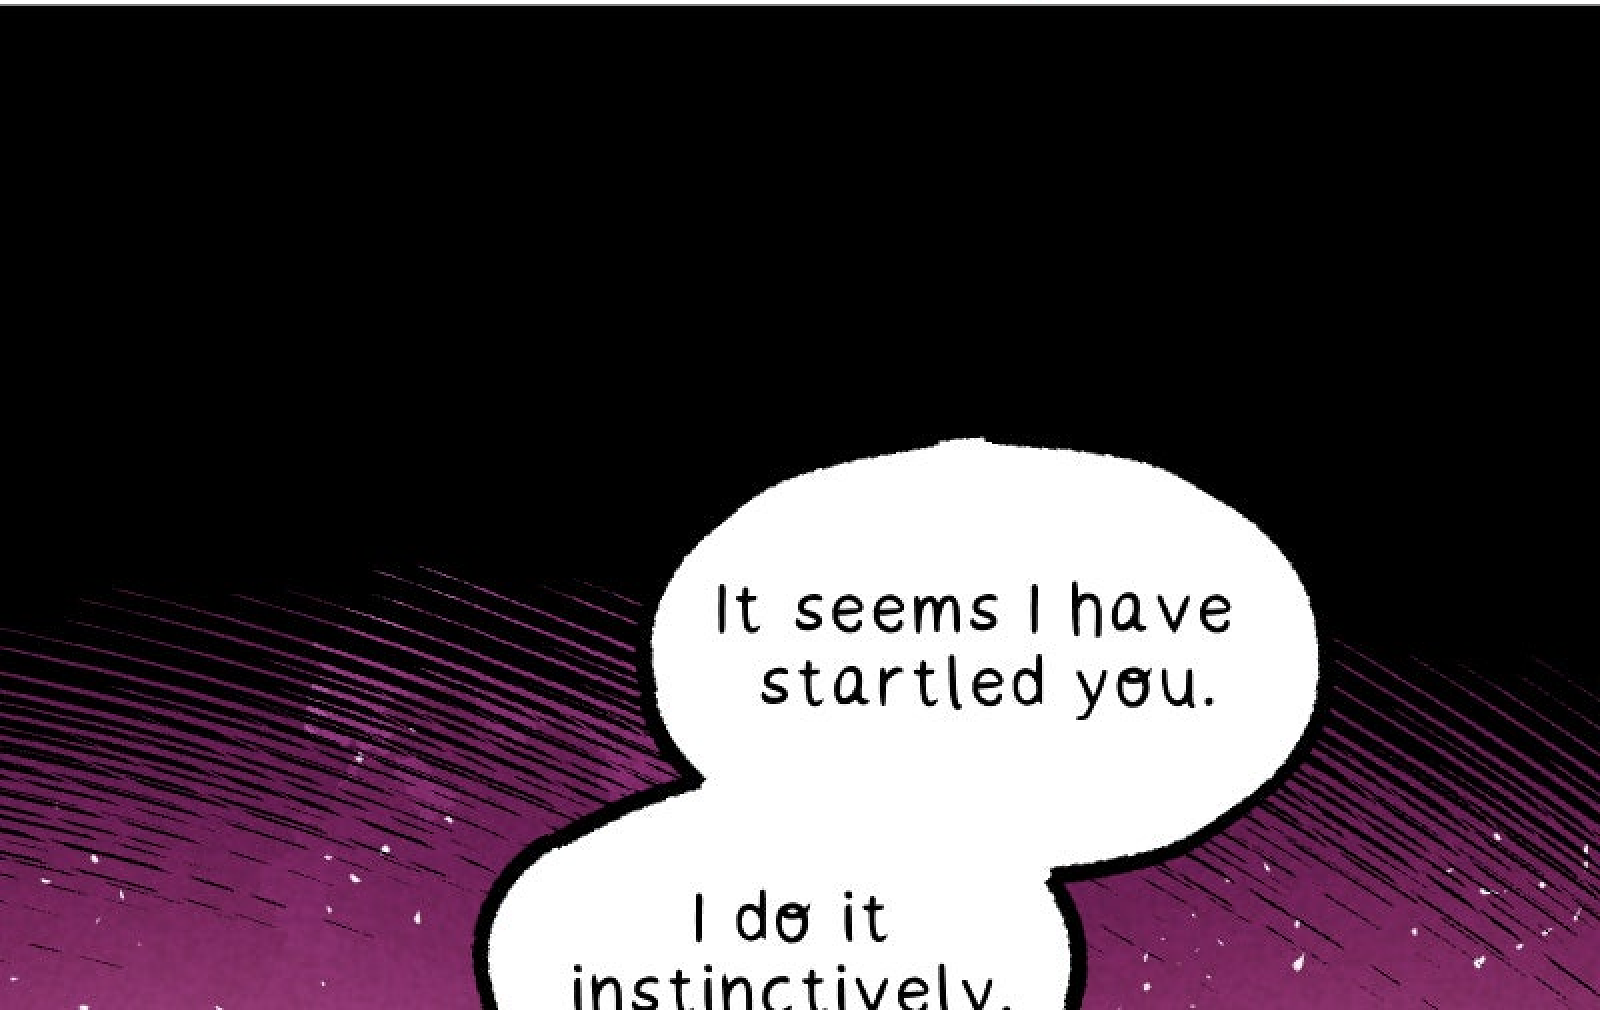
INHALE

MEOOOWL



It seems I have startled you.
I do it instinctively.

Were you...
howling?

I wouldn't be a wolf otherwise.
What other wolf things can you do?

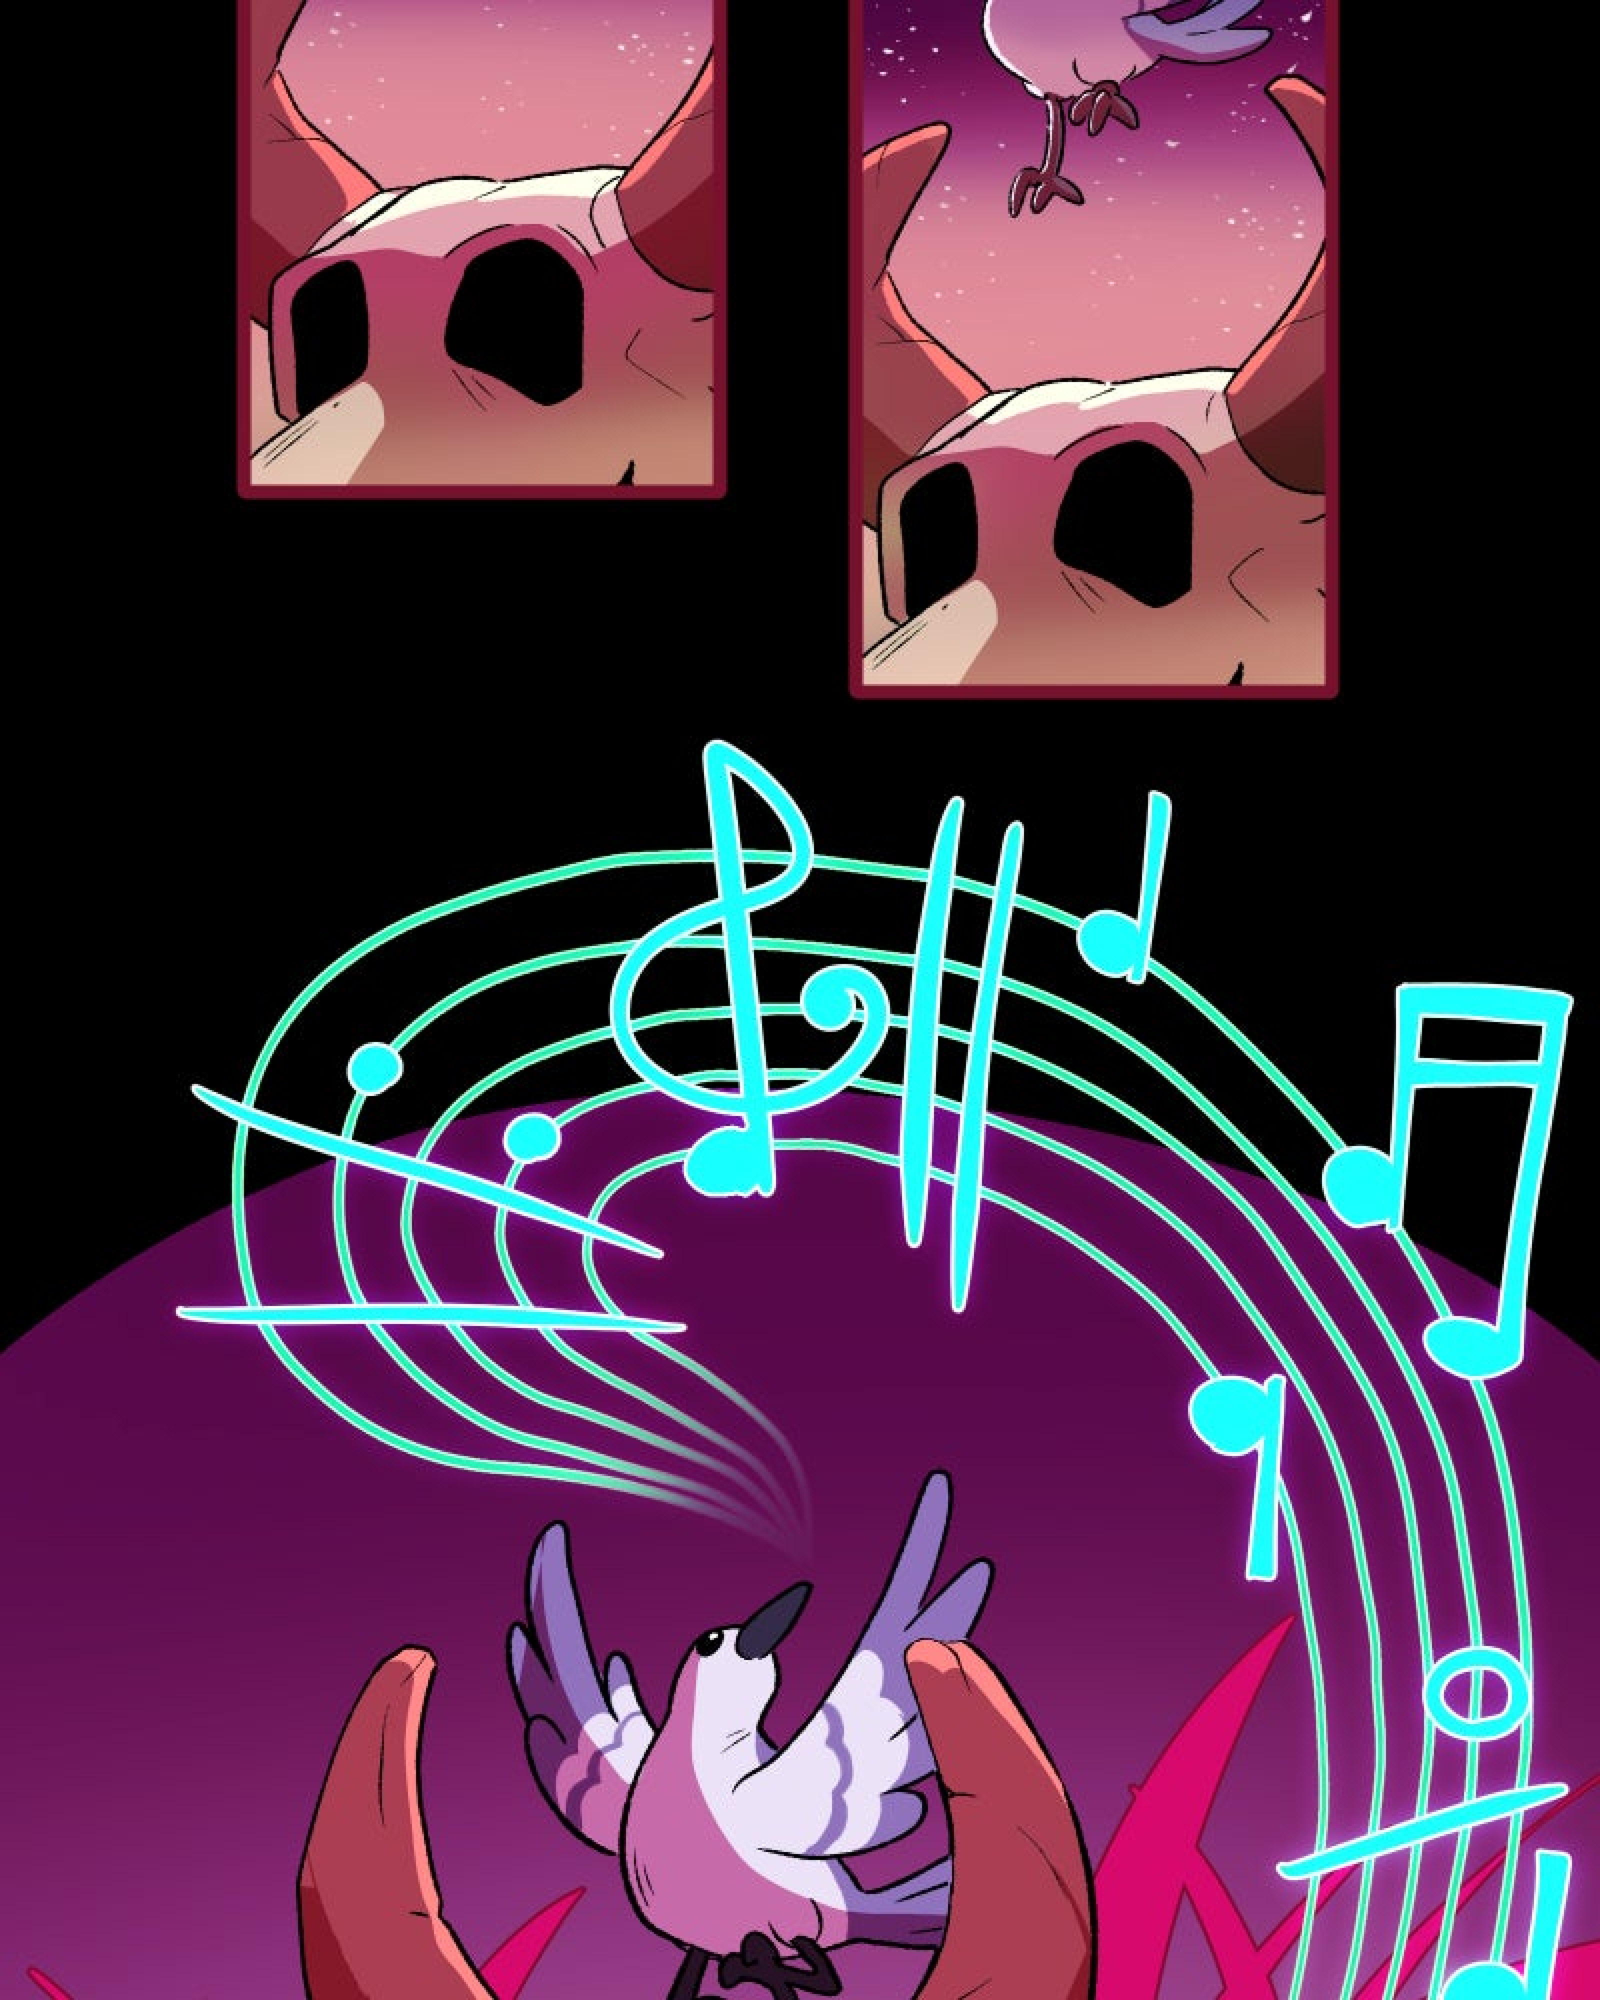
I can howl.
Hunt.
And pick The Death's scent.

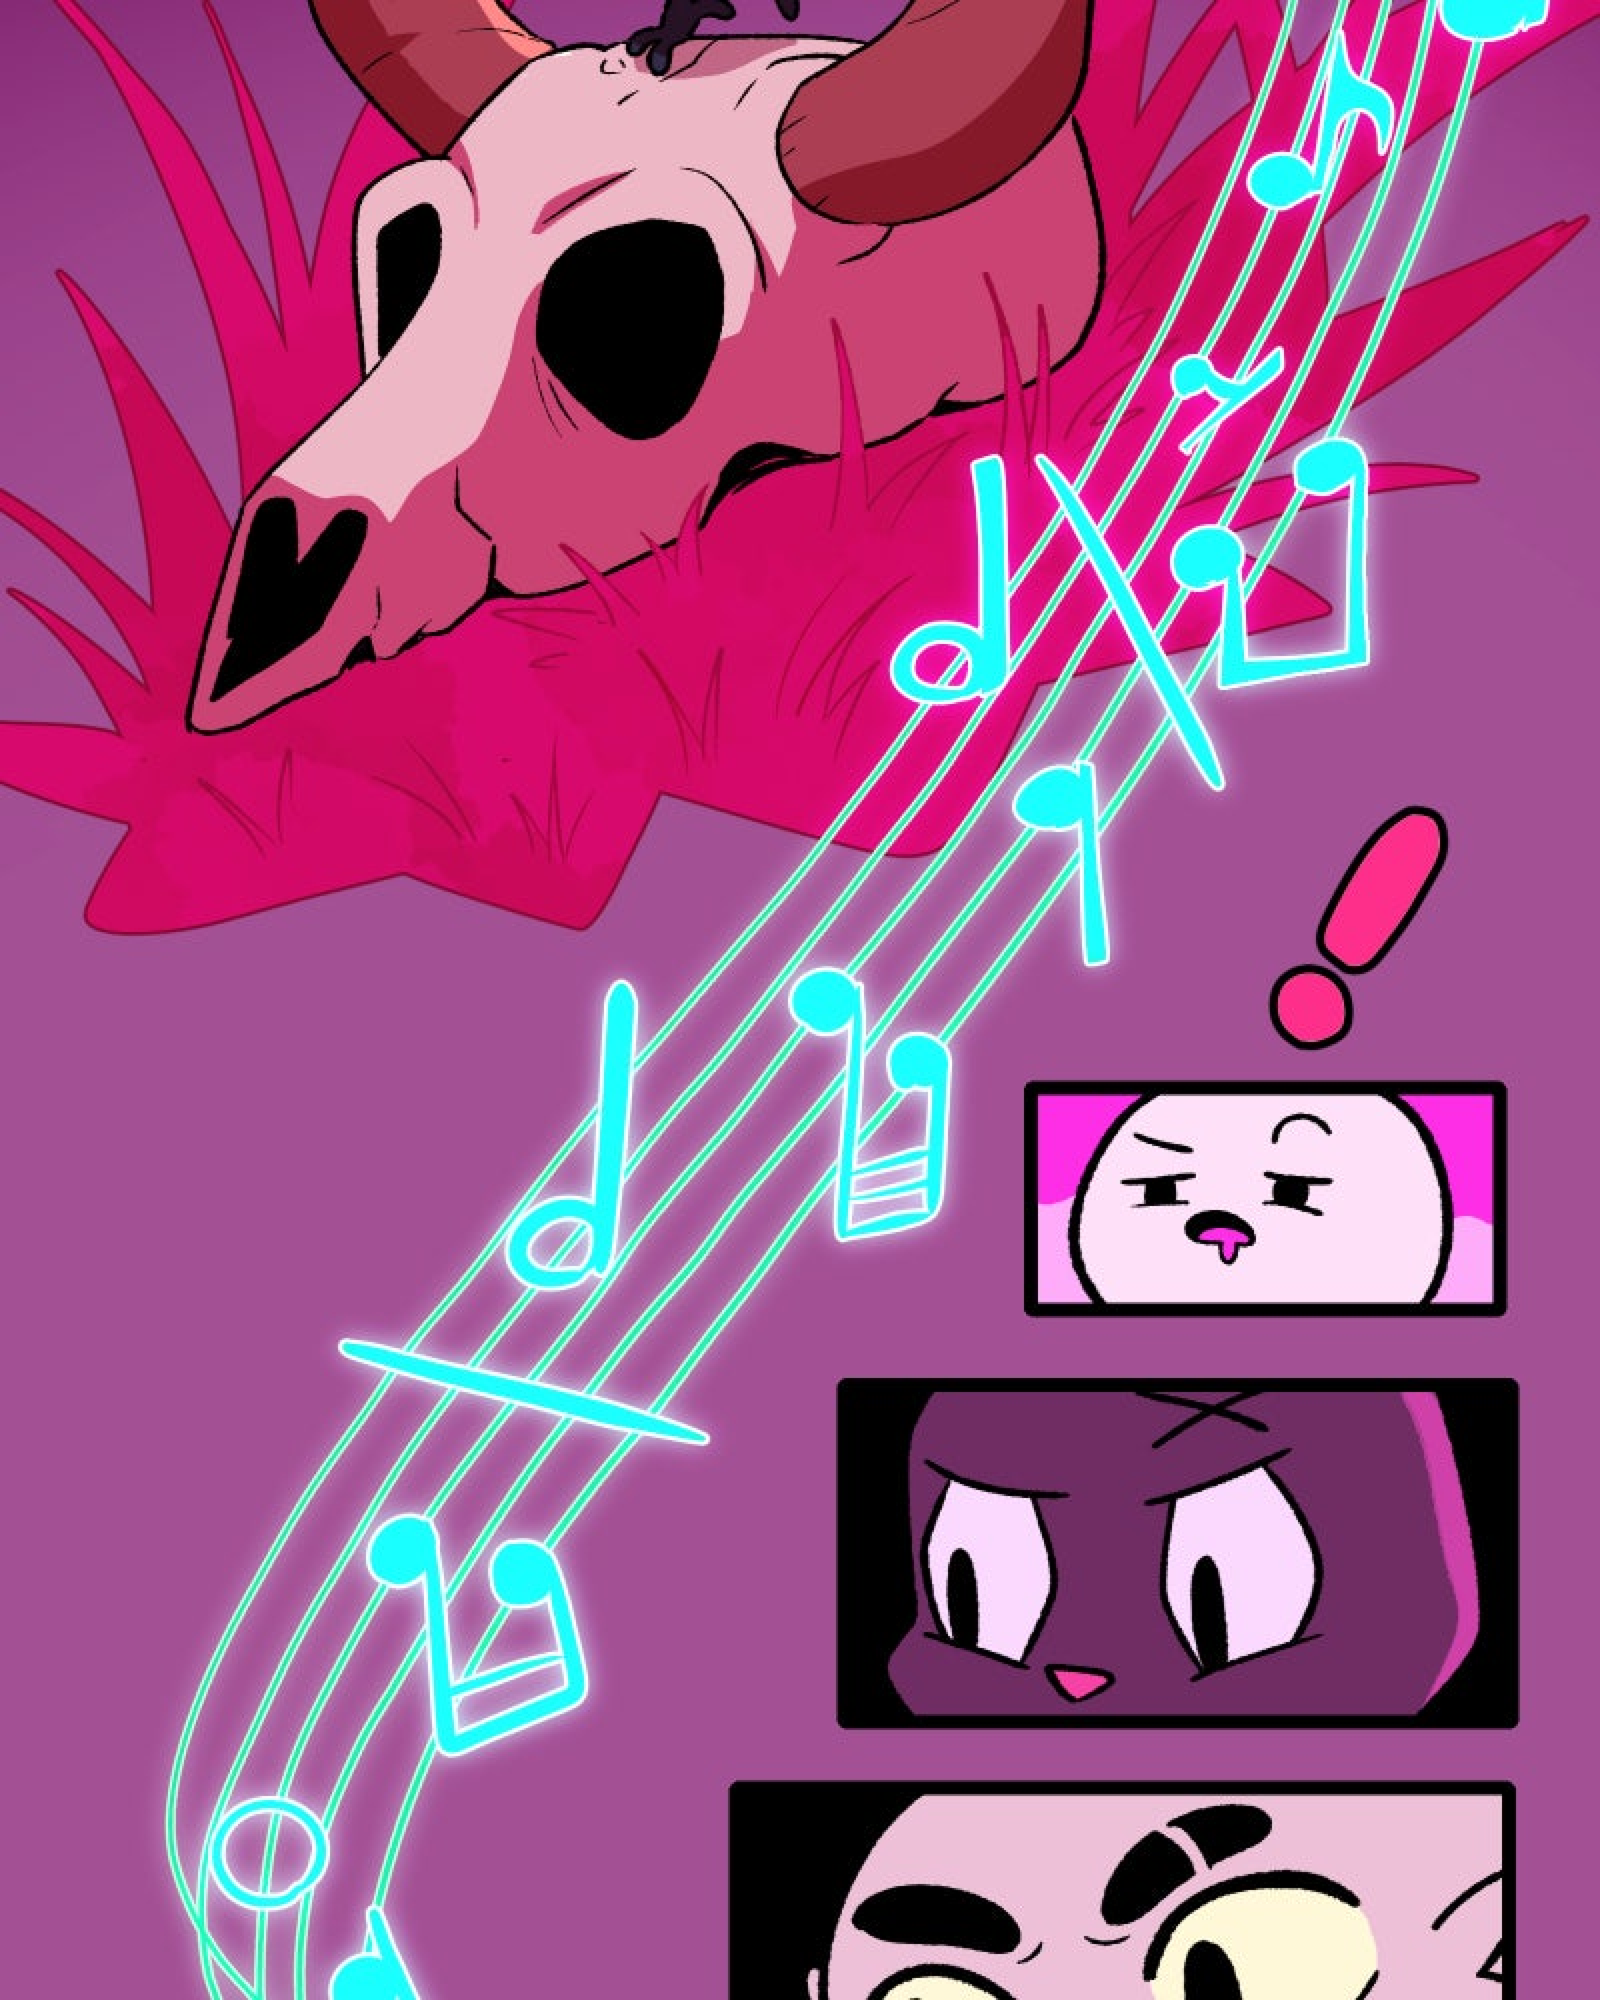
I'm friends with Death actually.
Give him 9... NO! 93 extra lives, but keep Gato away from me!
In The Big Bad Wolf issue 79,

she avoids Death in multiple ocassions.
CLINK
WOooSH!
The Big Bad Wolf
ISSUE 79

Death was so impressed she bestowed all wolves with the ability to smell the fear of death.

I can even smell the remenants of fear.





He's coming.
